TO LOW-INCOME
CLIENTS WHO SEEK
SELF-EMPLOYMENT
IN THE RURAL AREAS

More broadly, it is a product whose object is to ensure "a world in which as many poor and near-poor households as possible have permanent access to an appropriate range of high quality financial services. These services will include not just simply access to credit and savings facilities, but also entrepreneurial guidance to ensure the success of their ventures". We strongly believe that such access will help raise out of poverty an increasing proportion of Sri Lanka's population.
